EMPLOYMENT RECORDS

UI/UX Engineer III

DataPath Ltd, Dhaka

July 2025 – Present

- Lead designer for Unify Next, managing the full product design lifecycle from research and ideation to prototyping and final UI delivery, ensuring cohesive user experience and visual consistency.
- Spearhead the development of July Design System v2 for the parent company, establishing scalable design foundations and reusable components that improve efficiency and consistency across multiple products.
- Build and maintain the icon library for the design system, enhancing visual language and supporting faster product design implementation.
- Collaborate closely with cross-functional teams, including developers, product managers, and stakeholders, to align design strategies with product goals and business objectives.
- Contribute to Unify RK by assisting the design lead and developing detailed product documentation to streamline design handoffs and maintain clarity across design stages.
- Conduct design reviews and ensure adherence to brand and usability standards across all product experiences.

UI/UX Engineer II

DataPath Ltd, Dhaka

July 2023 - June 2025

- Lead problem-solving initiatives for the company's SAAS product focused on 401(K) business, resulting in a 7% increase in profit compared to previous years, attributable to successful resolution of issues and enhancement of user experience.

- Spearhead the redesign of existing products and the development of new ones, leveraging innovative UI/UX strategies to meet evolving market demands and user preferences.
- Take ownership of the company's design system and icon library, driving their development and maintenance efforts independently to ensure consistency and quality across all digital assets.
- Collaborate closely with developers, stakeholders, and product managers to discuss future product planning and strategize for optimal outcomes.
- Facilitated feedback collection from users, despite limited opportunities, and utilized user input to refine product designs and enhance user experience.

UI Engineer

DataPath Ltd, Dhaka

July 2022 - June 2023

- Collaborated with team leader to tackle challenges within DataPath Ltd.'s expansive SAAS product, contributing to problem-solving efforts and assuming leadership roles for mid-level products as needed.
- Played a pivotal role in crafting the majority of UI components across the company's product suite, ensuring consistency and usability throughout.
- Occasionally contributed to the design of branding items, albeit to a lesser extent compared to other responsibilities.Collaborated closely with developers to understand and address their challenges, prioritizing user needs in design decisions.

Graphics & UI/UX Designer

Save the Children in Bangladesh

Sep 2021 - Jul 2022

- Develop high-fidelity mockups and design specifications using tools such as Adobe XD,Figma.
- Led design efforts for Save the Children's proprietary products, including LMS applications and SAAS products, while managing multiple projects simultaneously.
- Operated under tight deadlines, ensuring swift design iteration and timely delivery of solutions to meet organizational needs.
- Collaborated closely with developers, incorporating stakeholder feedback into design decisions and facilitating productive discussions to address technical challenges and prioritize user requirements.
- Took charge of LMS projects utilizing Articulate Storyline, overseeing project leadership and ensuring successful delivery.
- Contributed to branding initiatives and created compelling social media posters, diversifying design responsibilities beyond product development.
- Managed and contributed to over 12 projects throughout my tenure, demonstrating versatility and adaptability in handling various design challenges.

Graphics Designer

View From Bangladesh (STEM VIEW)

Aug 2020 - Aug 2021

- Design 10+ social media poster on daily basis
- Design and develop visual concepts, graphics, and layouts for a variety of print and digital materials, including brochures, posters, social media graphics
